

A FEW OF OUR GUEST SPEAKERS ON ARTIFICIAL INTELLIGENCE, ADVANCED TECHNOLOGY, AND WHAT THEY MEAN FOR THE HEALTH WORKFORCE

Jason A. Tyszko, Vice President, Center for Education and Workforce, U.S. Chamber of Commerce Foundation

Jason A. Tyszko is vice president of the Center for Education and Workforce at the U.S. Chamber of Commerce Foundation. Through events, publications, and policy initiatives, the Center for Education and Workforce—in partnership with Chamber members and business leadership seeks to cultivate and develop innovative thinking that spurs action to preserve America's competitiveness and enhance the career readiness of youth and adult learners.

Tyszko will be discussing how artificial intelligence and advanced technology will interact with workforce development in his session, **"The Future of Employer Signaling and Technology Innovation in the Talent Marketplace."**

John Licato, PhD, Founder & Director of the Advancing Machine and Human Reasoning Lab at the University of South Florida

Computer science PhD and an artificial intelligence researcher, Dr. Licato will be sharing his expert perspective on AI and healthcare in his session, **"How can Healthcare Professionals and AI coexist?"**

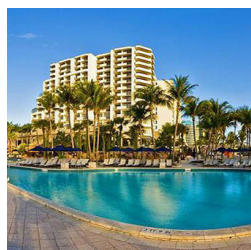

Miguel Alonso, Jr., PhD, Florida International University

Dr. Alonso will bring his practical experience in computer engineering, deep research background, expertise in economic development and unique teaching philosophy to his session on **"Artificial Intelligence & Machine Learning."**
