**RESILIENCE** ONLY COMES FROM HAVING BEEN GIVEN THE CHANCE TO WORK THROUGH DIFFICULT PROBLEMS.

-GEVER TULLEY, BRIGHTWORKS SCHOOL

## OUR THEME: RESILIENCE

**Resilience** is the theme of the Health Professions Network's Spring Conference - not only for *health professionals* tasked with difficult, draining work in a perpetual state of crisis, but also for *health systems* tasked with promoting their systemic resilience to meet on-going workforce challenges impacting patients' access to and the quality of care.

Let's work through difficult problems, **together**. *What role will allied health professions play?*

# Together, Again

HPN leadership is so (cautiously) excited to be together, again—here are all the relevant protocols and details:

**COVID Safety Requirements** | To join us in-person, we will require *either*:

- Proof of COVID vaccination
- OR, a negative PCR test result within 72 hours of April 24.

**Decision Deadline: March 1** | We are highly optimistic that we will be moving forward with a live event, but just in case, we've marked March 1 as the date we'll make our final determination - you may wish to wait until March to secure flights.

**Virtual Participation** | It will be possible to connect to our sessions and discussions, virtually, however virtual participation will *not* be discounted, and contribution may be limited.

**Complimentary Room Nights** | Our hosts, Discover Newport, are graciously providing our first 40 live registrants with complimentary accommodation at one of our partner hotels, and a full schedule of opportunities to network and familiarize ourselves with gorgeous Newport, Rhode Island!
